What's New

MSI showcases the latest Communication and Entertainment, Products at IFA in Berlin, Germany

Micro-Star International (MSI) is honored to be among the proud participants of IFA 2006 in Berlin, one of the worlds' largest consumer electronics exhibitions. To be held for six days, from September 1 ~ 6, 2006, IFA will cater to European retailers, interested consumers, and the media. MSI will offer consumers a plethora of feature-rich solutions that will enrich their digital lives. Included in this exciting line-up of products are Portable Media Players, Notebooks, Bluetooth & WLAN devices. Come and join us in the IFA Hall 2.1, Stand 143. [<More...>](#)

Move Forward to New Core™2 Era, MSI G965 & Q965 Series Motherboards Launch

Micro Star International (MSI), leader of motherboard manufacturers, after formally launching P965 series motherboards at Computex Taipei 2006, now introduces the G965/Q965 series base on the Intel® G965/Q965 Express chipset to provide more choices to consumers. With full support for the new generation Core 2 processor, the new G965/Q965 series motherboards features lots of digital home and digital office technology, bringing users a whole new experience to the desktop!
