## What's New

### The Most Powerful Platform based on Intel® Core™ 2 Processors,MSI 975X Platinum PowerUp Edition Won THG Editor's Choice Award

Micro-Star International, one of the world-renowned designers and manufacturers of high-quality motherboards, proudly unveiled its 975X Platinum PowerUp Edition before the year ends, supporting the new generation Intel® Core™ 2 processor and MSI's very own Dual Corecell Technology, this motherboard offers a powerhouse of advanced features for game enthusiasts who love overclocking their PCs in order to get as much power and performance as possible. At a recent technology exhibit in Japan , MSI 975X Platinum PowerUp Edition motherboard received the first ranking as the best motherboard with outstanding overclocking performance and also won the Editor's Choice Award from Tom's Hardware Guide for its superior price-performance Core 2 ready platform [<More...>](#)

### Presenting the Highest Technology into Realistic 3D World,Latest MSI's RX1950PRO Launch!

MSI, a world leader in the manufacturing of computer display cards, is introducing new powerful display cards to the market, the RX1950PRO, which respectively use ATI's top-of-the-line RV570 graphics processing chips, offering our users the most stunning 3D visual effects possible. [<More...>](#)

### MSI offers a huge selection of Windows Vista Ready Graphics Cards for Avid Gamers

Windows Vista, the long awaited new Microsoft Windows Operating System, offers a completely revamped Windows' UI with a new 3D interface called Aero. Micro-Star International (MSI) the largest graphics card manufacturer with more than 60 million users worldwide highly recommends using Windows Vista with MSI graphics card to all PC enthusiasts. MSI's latest NVIDIA GeForce 8/7/6 series GPU as well as ATI Radeon X1000 series GPU already have the "Certified for Windows Vista" logo. PC enthusiasts can be assured that these graphics cards will feature the most advanced process GPU and are fully compatible with Windows Vista to get the best " Vista " experience. [<More...>](#)

### MSI unveils its very own game management tool - StarOSD

This month, all avid PC gamers can thank their lucky stars as Micro-Star International (MSI) is about to launch the StarOSD. This is an integrated and easy-to-use game management tool which helps avid PC gamers to monitor the system's situation and frequency to enhance game play. The interface is designed specially to make all functions directly available to the user. All user has to do is simply press the Ctrl+O to call up or close the screen at anytime. [<More...>](#)
